Reading	<p>For this week we are going to continue reading the chapter book <i>Flat Stanley: His Original Adventure</i>. For two more days, you will be filling out a graphic organizer on the story elements in each chapter. Today, you will listen to Chapter 4 using the link below. After listening to chapter 4 you will go to your Seesaw account and click on Monday Reading 4/27. You will fill out the Chapter Number, the characters in this chapter, the setting of the chapter, the problem Stanley had in this chapter, how Stanley solved that problem, and the lesson or moral being taught in the chapter. If you need help reviewing the characters of a story, the setting of a story, the problem and solution of a story, and the central message or lesson of a story you can go back to our page and look at the different powerpoint videos that review these story elements.</p> <p><a href="#">Flat Stanley Ch. 4</a></p>	Math	<p>Today in math, we will be moving on to "Standard Measurement", which means measuring with a ruler by inches. First, watch the "Standard Measurement" video below. Next, you will log on to Seesaw to complete today's activities. The first activity for you to complete is called "Measure the Pencils". Take a look at each pencil and the ruler next to it to identify how many inches each pencil is. Record your answer on your sheet and don't forget to write "inches" next to your answer. The second activity is called "Measure the Objects". Take a look at each object and the ruler next to it to identify how many inches each object is. Record your answer on your sheet and don't forget to write "inches" next to your answer. For an extra practice this week, there is a "Place Value Detective" sheet you can do to review and practice place value.</p> <p><a href="#">Standard Measurement Video Link</a></p>	Reading	<p>Today, you will listen to Chapter 5 using the link below. After listening to chapter 5 you will go to your Seesaw account and click on Wednesday Reading 4/29. You will fill out the Chapter Number, the characters in this chapter, the setting of the chapter, the problem Stanley had in this chapter, how Stanley solved that problem, and the lesson or moral being taught in the chapter. If you need help reviewing the characters of a story, the setting of a story, the problem and solution of a story, and the central message or lesson of a story you can go back to our page and look at the different powerpoint videos that review these story elements.</p> <p><a href="#">Flat Stanley Ch. 5</a></p>	Math	<p>Today in math, we will be continuing our study of "Standard Measurement", which means measuring with a ruler by inches. First, watch the "BrainPop Jr" video on standard measurement. Next, you will log on to Seesaw to complete today's activities. The first activity for you to complete is just called "Measurement". Take a look at each object and the ruler next to it to identify how many inches each object is. Record your answer on your sheet and don't forget to write "inches" next to your answer. The second activity is called "Measure to the Nearest Inch". Take a look at each line and the ruler next to it to identify how many inches each line is. Record your answer on your sheet and don't forget to write "inches" next to your answer. For an extra practice this week, you may do the "Place Value Detective" activity from Tuesday if you have not completed it yet.</p> <p><a href="#">BrainPop Jr - Inches and Feet video</a></p>	Reading	<p>We hope you enjoyed listening to <i>Flat Stanley: His Original Adventure</i>. Today we are going to fill out some character traits about Stanley. If you go and watch the powerpoint about Characters, the link is below, it will review what character traits are. After reviewing that powerpoint go to your Seesaw account, find Friday Reading 5/1, and you will type in or write in 5 character traits about Stanley. Try to think of some character traits that are inside Stanley not just his outward character traits.</p> <p><a href="#">Characters</a></p>
Writing	<p>Today we will be looking at 3 different types of sentences. Please watch the video link for a power point about 3 different types of sentences. Once you have finished the power point, please log into your Seesaw account and do your assignment labeled Types of Sentences - Monday, April 27th. Don't forget to submit it to your teacher.</p> <p><a href="#">Types of Sentences Power Point</a></p>	Writing	<p>Today we are going to review the 3 types of sentences. Please review the 3 types of sentences by watching the Brainpop Jr. video link below. Once you finished the video take the Easy/Hard Quiz on the video. Lastly, go into your Seesaw account and find the assignment labeled Types of Sentences - Wednesday, April 29th. Remember to submit your assignment to your teacher.</p> <p><a href="#">Brainpop Jr. Types of Sentences</a></p>	Writing	<p>Today you will show your teacher what you have learned about writing and identifying the 3 types of sentences. Today you will write 2 statements, 2 questions, and 2 exclamatory sentences. That makes a total of 6 sentences. Remember your sentences should have proper capitalization with the appropriate end mark. Remember to make your sentences detailed. Make your teacher's heart happy by going above and beyond. Believe in your abilities to do more. We know you can because we believe in you!</p> <p><a href="#">Seesaw Link</a></p>				
Social Studies	<p>This week in Social Studies we will be learning about Communities. Please select the Studies Weekly link below and log in to your account. Today you are going to start Week 25 - Communities. Please read and answer the questions for: "Communities", "Different Communities", "Hot Communities", and "Cold Communities". Remember that each section that you read has three questions to answer before you move on to the next section. Take your time to read and answer each question.</p> <p><a href="#">Studies Weekly Link</a></p>	Science	<p>This week in Science we will continue with our Earth Space Science Unit by learning about Space. Please select the Mystery Science link below and watch the mini lesson titled "Has A Shooting Star Ever Landed On Someone?". After you watch the mini lesson please select the Studies Weekly link below and log into your account. Today you are going to work on Week 7 Earth Space Science - Space. Please read: "Space", "Daytime Sky" and "Nighttime Sky".</p> <p><a href="#">Mystery Science Link</a></p> <p><a href="#">Science Studies Weekly Link</a></p>	Social Studies	<p>Today in Social Studies we will continue to learn about Communities. Please select the Studies Weekly link below and log in to your account. Today you are going to continue Week 25 - Communities.
